Rooted Plants, any one variety, 1-10c; 2-15c; 4-25c; 12-75c; 100\$4.

In Assortment, 5 or more of a kind, 100\$5.; 10 or more of a kind, 100\$4.

SPECIAL COLLECTION OFFERS:

No. RA501,	1 each 50 kinds, (50 plants)	\$ 3.00
No. RA502,	3 each 50 kinds, (150 plants)	8.00
No. RA503,	7 each 50 kinds, (350 plants)	15.00
No. RA504,	15 each 50 kinds, (750 plants)	25.00

Here's How Hardy Chrysanthemums Can Look Used as a Foundation Planting

**WEAVER'S CHRYSANTHEMUM
TRIAL GROUNDS**

“WEAVER’S”

HARDY CHRYSANTHEMUMS

In our ever increasing list of “mums”, we have a complete collection of the best and most popular, profitable varieties—inside and out.

Hardy “mums” are liked by all. They produce a wonderful display of blooms long after most flowers are gone. The many colored flowers, long graceful stems are unexcelled for bouquets, table and other decorations, often lasting for weeks after cutting under favorable conditions.

Each “Group” covers a flowering period from late August until November—the later kinds bloom beautifully even after freezing. Lifted from the garden or border in late fall, and potted, make excellent showy lasting plants for all purposes. Late varieties remain good until after Thanksgiving.

To insure complete and prompt delivery, orders should be placed as early as possible.

The finest flowers are grown from the size plants we supply as priced in each group.

PLEASE NOTE: All our stock plants used for propagation are field grown and never subject to warm greenhouse conditions, which method is in direct contrast to the usual practice of using stock plants that have been subject to a hot greenhouse all summer. Today the better growers agree, the continued use of such greenhouse plants as stock, will slowly but surely cause weak plants and poorer flowers.

†Marked are 24-36". Tall, branchy, very prolific.

‡Marked are 24-36". Tall, erect, stout stemmed.

||Marked are 15-20". Dwarf, compact, good potted.

*Marked are 15-20". Dwarf, branchy, O. K. potted.

§Marked are 10-12". Very dwarf, compact, trailing.

Good potted; for rockeries and borders.

Aug., Sept., Oct., Nov.,—Blooming time.

CHRYSANTHEMUMS

ALPHABETICAL LIST

Refer to Group mentioned for prices on various quantities from 1 to 100 of Field Plants, Rooted Cuttings and Potted plants.

Prices given below are for Rooted Cutting plants, on any one variety per each.

LF—Large flowering; D—Decorative; P—Pompon; IP—Intermediate Pompon; B—Button; S—Single, Semi-double and Korean.

Oct. 21, 1935

The Chrysanthemums we bought from you are very
beautiful this season, and we have become very much
interested in Mums, especially since Dahlia blooms
retail so cheap here.

New Albany, Ind.

PETUNIAS — WORLD'S BEST

HARDY EVERBLOOMING VERBENAS

Bractosa Hybrid Rosea. (New). Extremely hardy, very prolific herbaceous perennial; large, bright, rosy-pink flowers in profusion all season; valuable plant for permanent bedding, rock and terrace gardens. Soil grown rooted cutting plants, 10-25c;

Rigida Rhizoni Purpurea. Proved Kansas hardy perennials; deep purple-violet, long stem, cluster flowers; excellent and useful for cutting. Strong

PRICES: Well rooted young plants. 1-10c; 2-15c; 4-25c; 12-75c.

SPECIAL OFFER: 8 each 2 kinds (16 plants) \$1.

“Blue Mist” Hardy Ageratum

(Improved type of the extremely popular “Hardy Blue Ageratum” introduced by us in 1926). Growth very dense and compact. Foliage bright attractive green, dense heads of blue flowers in profusion that completely covers the plant in a gorgeous “blue mist” from July till frost. Unexcelled for florists use, lasting qualities of both flowers and foliage equal to *Chrysanthemums*.

A distinct variety vastly different from the strain of tall stragly magenta violet flower *Eupatorium Coelestinum*, generally listed as Hardy Ageratum.

A florist says, “We do not believe there is another flower that can be used to such advantage in sprays, wreaths, baskets, and corsages, where the tint of lovely azure blue is needed. Combined with pink flowers, it gives an unusually beautiful effect in all floral arrangements.”

Small plants lined out, 15 inches apart, as late as early June, covers ground completely and are in full bloom by August 1st, remaining so till frost.

The lasting qualities, prolific growth, many uses, and wonderful profusion of blue bloom merits the most widespread distribution of this excellent plant.

PRICES: Nice young plants, 1-5c; 3-10c; 12-35c. Field plants, 1-15c; 2-25c; 8-\$1.; 12-\$1.50; 100-\$10.

CONDITIONS OF SALE

Packing Free and Safe Arrival Guaranteed.

TERMS: Remittance with order or C. O. D. with everyone regardless of rating, as no bookkeeping or collection fees are responsible for the low prices we make.

PRICES quoted are subject to our usual conditions of sale for perishable commodities and causes beyond our control, and are for the quantities stated. Smaller or less quantities than priced will be quoted on application: 10 pot plants; 25 divisions, rooted cuttings, or transplants at 100 rate; 250 at 1000 rate.

SUBSTITUTION: Should certain varieties or colors become exhausted, we will send others as near or better, unless advised to contrary, using our best judgment on what will do best in your locality.

NON-WARRANTY: We wish it to be distinctly understood that while we take every precaution to have all plants, seeds, and bulbs true to name, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any of the plants, seeds, or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering.

WE TRY TO SATISFY

DO NOT BECOME ALARMED if plants are not received by return mail. You will receive acknowledgment and order number, and will get plants within a reasonable time.

July 3rd, 1935

I am writing to tell you my good luck I have had with your plants. Out of over 200 Coleus, Lantanas and Chrysanthemums, I just lost 1 Amelia Chrysanthemum plant. It was little and didn't start out right, which I think is good luck.

Stockport, Ia.
